2011 College of Engineering and Computer Science
Publications

Books

**Book Chapters**

Refereed Journal Publications

Civil, Environmental and Construction Engineering (CECE)

Computer Science (CS)

**Electrical and Computer Engineering (ECE)**

**Industrial Engineering and Management Systems (IEMS)**

**Mechanical, Materials and Aerospace Engineering (MMAE)**

Conference Papers

Civil, Environmental and Construction Engineering (CECE)

Wilder, R.J. and S.J. Duranceau, “Evaluating In-plant Infrastructure Corrosion after Replacing Lime Softening with Nanofiltration and Blending with Reverse Osmosis and Ion-exchange Process Water,”

**Computer Science (CS)**

Cashion, J. and M. Bassiouni, “Robust and Low-Cost Solution for Preventing Sidejacking Attacks in Wireless Networks using a Rolling Code,” Proceedings of the 7th Association for Computing

**Electrical and Computer Engineering (ECE)**

**Mechanical, Materials and Aerospace Engineering (MMAE)**

Claretti, R., M. Ricklick and J. Kapat, “Local Heat Transfer Characteristics of a Multi Wall Cooling Scheme at High Impingement Heights using Temperature Sensitive Paint,” *Proceedings of the 49th*
