Sponsorship Package 2015 - 2016

Dear Prospective Sponsor and Partner,

The University of Central Florida's Institute of Electrical and Electronics Engineers (IEEE) is a student chapter of IEEE, the largest technical organization in the world. Our purpose is to foster technological innovation and excellence for the benefit of humanity.

Our chapter collaborates with companies and organizations to commission staff and students to engage themselves and generate interest in electrical and electronic engineering fields through hosting projects, information sessions, professional speakers, recruitment opportunities, and sponsored activities.

With your support as a 2015-2016 Corporate Sponsor, we can aim to achieve the greatest level of learning and help to foster the next generation of engineers. By supporting IEEE at UCF, we will advertise your organization and create opportunities for you to interact with students and highlight your contribution. Please read on to view our tiered sponsorship levels and what services we will provide with your help.

Please feel free to contact us for more information by phone or email with any questions, comments, or concerns you may have. We thank you for taking the time to consider becoming a 2015-2016 Corporate Sponsor of IEEE at UCF.

Sincerely,

Christian Jackson, Chair
