

Guidelines for Approval of Registration for Restricted Graduate Courses

REGISTRATION PROCESS:

1. Please meet with your advisor to determine the appropriate class and prefix they will be working with you on during the upcoming semester.
2. Once the form is completed, please have them sign it. Your signature is also required. If you are taking **Independent Study (XXX 6908)**, please attach a syllabus to this form. **The syllabus must at minimum include: Course Objectives, Course Description & Content Overview (describing the topics for the core of knowledge to be learned), Workload & Assignments, Sources of Materials, and a Grading Scale/Policy. At the latest Independent Study requests must be submitted by the Tuesday of the first week of classes for proper review.** Submitted request after this time may require late add paperwork with the College of Graduate Studies and possible late registration fees.
3. Bring the completed form to Engineering I-107 *at least* one week prior to the first day of classes. You must be present to register. If you cannot register in-person, please e-mail this approved form to gradengr@ucf.edu with a photo identification from your knights e-mail account. Forms will only be processed during standard business hours, so plan accordingly.
4. Wait for the Academic Affairs Staff Member to process your form and override you into your class.
5. Check your schedule prior to the end of the add/drop period to insure that you are registered for the correct class, number of credit hours, and faculty member. If any of these items are not correct, you **MUST** contact Academic Affairs, **before the end of the first week of classes**, for further assistance.

Proper signatures and required paperwork should be obtained BEFORE submitting the form into ENG-I 107 for processing.

Full-time Course Load Requirements: 9 credit hours per semester or 6 credit hours during summer semesters. You must be **FULL TIME** to remain on contract as a **GA, GRA, GTA, or Grader**.

With the following exceptions:

▶ For master's students who have completed **all** required course work and their remaining requirement is thesis hours only, a full time load is **3 credit hours of thesis credit** (XXX 6971).

****Enrolling in thesis credit and another class will negate this exception.****

▶ For doctoral students who have passed the candidacy exam and are registered for dissertation (XXX 7980) hours only, full-time is **3 hours**.

Note to Thesis Students:

▶ You must enroll in thesis hours **every** semester (including summer) once you begin taking the hours, even after all required hours for your MS degree have been completed.

▶ You must have an approved **Thesis Advisory Committee Form** on file with the College of Graduate Studies or your initial request for thesis enrollment will not be approved

Requirements to Register for Dissertation Hours (XXX 7980)

▶ You must have passed the candidacy exam.

▶ You must enroll in dissertation hours **every** semester (including summer) following completion of the candidacy exam requirement, even after all required hours for your doctoral degree to have been completed.

▶ You must have an approved **Dissertation Advisory Committee Form** on file with the College of Graduate Studies or our office will not process your request. This form is due the Friday before classes begin.

Please verify that your registration is correct by visiting the MyUCF PORTAL (my.ucf.edu) and selecting the "Student Self Service" option.

Your current class schedule will be displayed.

When possible this form is due no later than the Monday preceding the first day of classes to avoid any late registration fee charges.

Enrollment in any of the following Restricted Graduate Courses requires the completion of this agreement.
