

College of Engineering and Computer Science

MEET OUR NEW 2021 FACULTY

DEPARTMENT OF COMPUTER SCIENCE

Michael McAlpin
Instructor

Teaching Interests:
Cybersecurity and software development in government and industry; new and emerging technologies and techniques; helping students develop their curiosity and cultivate subject mastery.

Andrew Steinberg, Ph.D.
Lecturer

Ph.D. from Florida Atlantic University
Teaching Interests:
Introductory computer science courses in programming; algorithms; helping CS students master the fundamentals so they can succeed in their advanced courses.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

Ying Ma, Ph.D.
Assistant Professor

Ph.D. from University of Florida

Research Interests:
Machine learning, specialized in recurrent network for sequence learning; reinforcement learning; graph neural networks; convex optimization.

Hao Zheng, Ph.D.
Assistant Professor

Ph.D. from The George Washington University

Research Interests:
Computer architecture; network-on-chips; energy-efficient manycore architecture design; machine learning for efficient computing.

CENTER FOR RESEARCH IN COMPUTER VISION

Chen Chen, Ph.D.
Assistant Professor

Ph.D. from University of Texas at Dallas

Research Interests:
Computer vision; deep learning; image and video processing.

DEAN'S OFFICE

L3Harris Engineering
Center #114
P.O. Box 162993
Orlando, FL 32816-2993
407-823-2156
