Wednesday, Feb. 23

CECS Engineers Fair
Time: 10:00 AM — 2:00 PM
Location: ENG 2 Atrium and HEC Atrium
Description: RSO’s will present fun activities for students in K-5 to participate in.
Hosted by: Engineering Leadership and Innovation Institute (eli²)

Junkyard Wars
Time: 2:00 PM — 6:00 PM
Location: ENG 2 Atrium
Description: Teams of 3-5 students will be given a random assortment of items to build a Rube Goldberg machine to achieve a simple task. Judges will then choose the Winners for a $300 prize pool.
Hosted By: Theta Tau Professional Engineering Fraternity

Thursday, Feb. 24

Industry Showcase
Time: 9:00 AM — 1:00 PM
Location: ENG 2 Atrium
Description: Meet, greet, and learn more about the companies featured in our industry showcase. Companies include GLESEC, FPL/NextEra, NA1CTSD, PEO STRI, Boeing, PSM, Leidos, Kimley Horn, Artic Wolf and Northrop Grumman.
Hosted by: College of Engineering and Computer Science

UCF Baja International Demo
Time: 2:00pm—5:00pm
Location: Outside ENG 2/Student Union
Description: What can be done with a team of determined engineering students given an annual challenge of building an off-road car completely from scratch? Come by and visit us to find out more and to chat with our designers! Potential demonstration of our Off-Road car
Hosted by: UCF Baja International Demo

Friday, Feb. 25

Future Industry Series
Time: 11:30 AM — 1:45 PM
Location: ENG 2 — 102
Description: Industry Speakers talking about their education and how they’ve used it in their career.
Hosted by: Engineering Leadership and Innovation Institute (eli²)

FPV Knights Racing Drone demo
Time: 3:00 PM — 4:00 PM
Location: Outside ENG 2
Description: This event is a demo of the drones FPV Knights uses to compete in the national championship race. These drones are capable of speeds up to 100mph and are custom built by FPV Knights drone pilots and club members.
Hosted by: FPV Knights

The KnightOff: Science Olympics Competition
Time: 4:00 PM — 8:00 PM
Location: ENG 2 Atrium
Description: Come compete against several other teams to see who can build the best Egg Drop completion, Toothpick/ Marshmallow Competition, Brain Bowl and more! Prizes and food will be given to participants and winners.
Hosted by: SHPE

Saturday, Feb. 26

IEEE Wireless Solar Phone Charger
Time: 10:00 AM — 3:00 PM
Location: T.I. Innovation Lab
Description: Come and build your very own wireless phone charger powered by energy from the Sun! Learn valuable skills in electronics, soldering, & electromechanics in this exciting workshop!
Hosted by: IEEE UCF

Formula SAE Vehicle Demonstration
Time: 3:00 PM — 5:00 PM
Location: Student Union Bus Loop
Description: A live demonstration from the Society of Automotive Engineers Formula Racing Team.
Hosted by: SAE Formula Team
