

TRANSFORMING LIVES THROUGH PHILANTHROPY

More than a gift, it's an entire future.

ENDOWED GIFTS

An endowed gift is one that is kept rather than spent. Endowed funds are invested and managed by the UCF Foundation, Inc. and each year, a portion of the earnings are spent according to the donor's wishes. The remaining earnings are added to the amount of the original gift and invested so the fund grows over time.

** Based on a corpus of indicated amount and an annual payout of 4% (after set-aside for inflation, growth protection and investment fees). Initial payout is made after commitment is fully funded and has accrued one year of earnings.*

NON-ENDOWED GIFTS

Non-endowed gifts are just as important to the university, since they allow for immediate support in the area of the donor's choice. These funds are not invested and do not generate interest.
